

Group 5: Clinic Appointment System - Video Demonstrations

Please find the links to our project video recordings below. We have divided our presentation into two parts to cover all grading requirements:

- https://drive.google.com/drive/folders/1bUgnfiO9_wqFvEkkxIwza7M8Dfb7d_RM - **System Interface Walkthrough:** A live demonstration of the user interface in action. This video showcases the user experience and routing across the Administrator, Doctor, and Patient portals.
- <https://canva.link/group-5-summative> - **Technical Breakdown, GitHub & Test Results:** A comprehensive walkthrough of our backend architecture. This video includes our team's explanation of the Object-Oriented code, a walkthrough of our GitHub version control history, and a detailed breakdown of our final test results verifying all rubric requirements.
